New-generation spiral freezer JBT Frigoscandia GYRoCOMPACT® M7

JBT Frigoscandia (Sweden) · freezer, chiller and proofer in one solution

Application

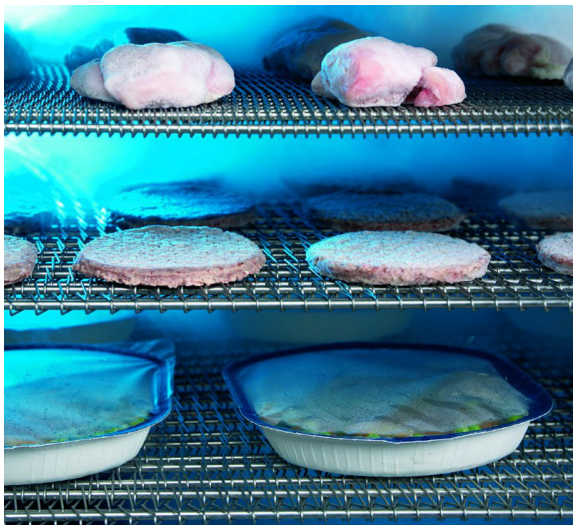

New-generation spiral freezer — 217 design improvements over the previous series: fully welded stainless steel floor, hygienic open construction with self-closing hatches, efficient drainage with no bacterial traps. Used as a blast freezer, a chiller or a proofing chamber.

Design and equipment

FRIGoBELT® self-stacking belt; evaporator options (aluminium or galvanised) in 2–3 blocks; fans on the dry side of the evaporator; integrated stainless steel infeed and outfeed conveyors; CIP washing option; simplified belt tensioning system for a longer service life.

Technical data

Parameter	Value
Belt tier height	80 / 100 / 120 mm
Max product height	65 / 85 / 105 mm respectively
Number of tiers	from 16 to 40
Belt	FRIGoBELT®, 760 mm wide (715 mm usable)
Belt length per tier	13.1 m
Effective area per tier	7.7 m²
Belt speed	3.5–30 m/min (option 2.0–15 m/min)
Capacity	selected for the customer’s product
Country of origin	Sweden
